Exam : **MB-900**

Title : Microsoft Dynamics 365
Fundamentals

Version : DEMO

1.DRAG DROP

Match each tool to its task. NOTE: Each correct match is worth one point.

Tools

- Microsoft PowerBI
- Microsoft Visual Studio
- Microsoft PowerApps

Answer Area

Task	Tool
Configure dashboards.	tool
Manage test automation.	tool
Deploy models.	tool
Integrate data sources.	tool

Answer:

Tools

- Microsoft PowerBI
- Microsoft Visual Studio
- Microsoft PowerApps

Answer Area

Task	Tool
Configure dashboards.	Microsoft PowerBI
Manage test automation.	Microsoft Visual Studio
Deploy models.	Microsoft Visual Studio
Integrate data sources.	Microsoft PowerApps

2.DRAG DROP

You need to create a new Dynamics 365 application that limits users to viewing only customer accounts. Which four actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

Actions

- Go to the Office 365 admin center.
- Create a new PowerApp app.
- Add components to the app.
- Save the app.
- Publish the app.
- Add flows to the app.

Answer area

Answer:

Actions

- Go to the Office 365 admin center.
- Create a new PowerApp app.
- Add components to the app.
- Save the app.
- Publish the app.
- Add flows to the app.

Answer area

- Create a new PowerApp app.
- Add components to the app.
- Save the app.
- Publish the app.

3.DRAG DROP

A company wants to automate functions performed by some of its departments. You need to select the appropriate Dynamics 365 application for each function.

Which applications should you select? To answer, drag the appropriate applications to the correct functions. Each application may be used once, more than once, or not at all. You may need to drag the split bat between panes or scroll to view content. NOTE: Each correct selection is worth one point.

Applications	Answer Area	Application
Dynamics 365 for Sales	Function Support takes incoming calls for defective products and assigns them to the correct groups.	
Dynamics 365 for Customer Service	Business development managers need to track progress on potential clients.	
Dynamics 365 for Field Service	A system sends emails and product literature to current and potential customers.	
Dynamics 365 for Marketing	A system enables technicians to check which supplies are on their trucks as well as which supplies are at the main location.	

Answer:

Applications	Answer Area	Application
Dynamics 365 for Sales	Function Support takes incoming calls for defective products and assigns them to the correct groups.	Dynamics 365 for Customer Service
Dynamics 365 for Customer Service	Business development managers need to track progress on potential clients.	Dynamics 365 for Sales
Dynamics 365 for Field Service	A system sends emails and product literature to current and potential customers.	Dynamics 365 for Marketing
Dynamics 365 for Marketing	A system enables technicians to check which supplies are on their trucks as well as which supplies are at the main location.	Dynamics 365 for Field Service

4.You need to select a Dynamics 365 for Customer Engagement application to help your organization effectively track, manage, and deliver project-based services.

Which application should you select?

- A. Customer Service
- B. Field Service
- C. Project Service automation

D. Sales

Answer: C
